1. Filling the Preference and Placement Form

1.1. Candidates who can apply for Preference

According to the article; 9.-(1) of the “Ege University Directive on the Principles of Admission of Foreign Students.” provided that they are in the last year of high school or have graduated;

a) Those who are foreign nationals (On the condition that those studying in secondary education (high school) institutions in Turkey have registered before the 2022-2023 academic year [Except for embassy schools, international private education institutions in the MOBIS system, and foreign nationals brought to our country within the framework of the project carried out by the Ministry of National Education),

b) Those who are Turkish citizens by birth but lose their Turkish citizenship by obtaining permission from the Ministry of Interior to renounce their Turkish citizenship, and those who certify that they have a “Blue Card”, which is given upon request to those who lost their Turkish citizenship ((On the condition that those studying in secondary education (high school) institutions in Turkey have registered before the 2022-2023 academic year), (Article 7 of the Turkish Citizenship Law No. 5901 “(1) within Turkey or a child born in marriage union with a Turkish citizen mother or father outside the country is a Turkish citizen.”, because of this reason for candidates who will apply for admission quotas from abroad it is recommended to examine the Turkish Citizenship Law about their situation.),

➡ **Candidates who will apply in this category will also be asked for a blue card during registration, and for those who quit without a blue card, a decision to renounce citizenship from the Ministry of Interior will be requested.**

c) Having a Turkish citizenship which acquired later while being a foreign national (Provided that those studying in secondary education (high school) institutions in Turkey have registered before the 2022-2023 academic year) (**Article 7 of the Turkish Citizenship Law No. 5901** states that "The child born in or out of Turkey to a Turkish citizen mother or father in a marriage union is a Turkish citizen. A child born to a Turkish citizen mother and foreign father outside the marriage union is a Turkish citizen". Since there are provisions at issue, **those who have completed their secondary education in Turkey whose nationality is Turkish must prove that they are not Turkish citizens by birth** - A document of “Certified Population Registration” which will be obtained from the Population Directorates of Turkish Government or etc,(so **Certified Population Registration** or etc indicating that applicants got Turkish citizenship later while being a foreign national will requested from these applicants during the application period.)

➡ In this context, candidates who will apply will be asked for a documented Identity Register copy showing that they are foreign nationals by birth, DURING THE PREFERENCES

d) T.R. provided that they certify that they are in a foreign country other than the TRNC, where they received their high school education in the years corresponding to their high school education;

- students of Turkish nationality who continued their secondary education abroad before 01/02/2013; and completed the last three years of their secondary education (high school) in a foreign country excluding the Turkish Republic of Northern Cyprus/TRNC (including those who completed all of their secondary education (high school) in a Turkish school opened by the Ministry of National Education in a foreign country other than the TRNC), can apply

–The students of Turkish nationality who started their education abroad after 01/02/2013; and completed their entire secondary education (high school) in a foreign country excluding the TRNC (including those who completed all of their secondary education (high school) in a Turkish school opened by the Ministry of National Education in a foreign country other than the TRNC) can apply, (in this context, the candidates who will apply should receive all of their secondary education, “excluding the pandemic period” in overseas schools face to face and they will be required to prove that education method)

➡ In this context, candidates must prove that they have received all of their secondary education, except for the pandemic period, in the relevant foreign country, DURING THE PREFERENCES (certificate that they have received face-to-face education, passport entry and exit document from e-government, historical place of residence and transcript of the years of education, diploma). and their certified Turkish translations) will be requested,

e) Those who are TRNC nationals, residing in the TRNC, and have completed their secondary education (high school) in the TRNC and have the General Certificate of Education at Advanced Level (GCE AL) exam results,

-by enrolling and receiving education in colleges and high schools in other countries between 2005-2010. Applications of those who have or will have the “General Certificate of Education Advanced Level” (GCE AL) exam results (provided that they take the EGEYOS Exam) are accepted. TRYÖS results are not specifically sought for candidates who have GCE AL exam results.

➡ In this context, candidates who will apply will be asked to upload the GCE AL exam result document DURING PREFERENCES.

f) Since it is essential to be in the relevant country during high school education, those who graduate from the Open Education High School abroad program affiliated to the Ministry of National Education by documenting that they have been in the relevant foreign country excluding the TRNC in the years coinciding with their high school education will also be able to apply for the quota of student admission from abroad.

➡ In this context, applicants must prove that they have received all of their secondary education abroad, excluding the pandemic period, DURING THE PREFERENCE (passport entry and exit document from e-government, dated place of residence, transcript of the years of education, diploma and their Turkish translations approved by Notary Public or Turkish Embassies).) will be requested.

*** It is important for the candidates to carefully examine the application conditions. During the applications, from all candidates; Photographs, passports, EGEYÖS / TR-YÖS result documents will be requested to upload to the system, and the applications of the candidates who do not upload documents or upload invalid documents will be cancelled.**

*** It is important for the candidates to review the nationality information entered during the application.** Candidates with dual citizenship, who are foreign nationals by birth and later become Turkish citizens, must enter their foreign nationality into the system firstly.) **In case the student registration is not received due to incorrect entry of the nationality information, the responsibility arising will belong to the candidate himself.**

1.2.Making a Preference Application

In order for the candidates to choose the associate or undergraduate programs of our University, they must have received at least 200 points from either TR-YÖS or EGEYÖS for the year in which the application was made.

Candidates will apply for preference with the score they get from the relevant type of “EGEYOS Placement Score” according to the score type of the program they will choose.

In order to choose associate degree programs, it is sufficient to get at least 40 points from any type of EGEYOS exam.

For undergraduate programs, candidates who score 40 points and above in the relevant EGEYOS placement score type according to the program they will choose, can apply.

Candidates who get 200 or more points from “EGEYOS or TR-YOS” can prefer education programs given in foreign languages like **English Language and Literature, American Culture and Literature, German Language and Literature, English Or German Translation and Interpretation, Tourism Guidance.** But these students must also be successful in “The Foreign Language Proficiency Exam” which will organize by Ege University School of Foreign Languages. Otherwise, their preferences for these language programs will not be taken into account.

➡ Candidates who have documents deemed equivalent by our university (YDS, YÖKDİL, TOEFL IBT) must apply to our University's School of Foreign Languages (www.ydy.ege.edu.tr) until 20.07.2023 and have the equivalence of their documents approved.

Candidates who want to study in programs that **accept students with a special talent exam** determined by OSYM (Sports Sciences Faculty programs, programs of the State Turkish Music Conservatory, Art Teaching program) must get 200 or more points from any type of EGEYOS or TR-YOS exams in order to participate in the special talent examination. The candidates should also apply to the aforementioned school individually for the special talent test by following the related Faculty/School special talent test calendar.

➡ Candidates should carefully examine the "List of Scoring Types and Special Conditions According To Program" while applying for preference. (It has been at the end of the page.) Because for registration in some kind of programs special conditions (such as physical specifications like height or weight) are required. Candidates who do not meet these special conditions will not be able to enroll in the said departments.

Program preferences will be made online by the candidates via the www.yutys.ege.edu.tr website. During the selection process, the candidate first creates a password. A confirmation e-mail is sent to the e-mail address specified by the candidate

while entering the preference system. The candidate clicks on the verification link sent in the e-mail and logs into the system again with his e-mail and the password he created. The candidate who enters the system will be asked whether he has TR-YÖS / EGEYÖS exam results. The candidate chooses one of the TR-YÖS / EGEYÖS exam results he/she has and all placements are made based on this score. Applicant; After examining and comparing the personal information displayed on the screen, if there is no mistake, it confirms and goes to the survey screen. Approving the survey screen, the candidate uploads the necessary documents and enters the information on the screen that will appear. Candidates who have errors in their information during the application process should contact the Foreign Student Services Unit of Ege University Registrar's Office (uluslararasiogrenci@mail.ege.edu.tr , <https://oidb.ege.edu.tr>).

➡ The applications of the candidates who approve their e-mails, fill out the questionnaire, enter their information and upload their documents are reviewed by the student affairs staff. The application of the candidate is approved or rejected by the student affairs staff. Candidates whose applications are approved can make a choice. Candidates whose applications are rejected are sent information about their rejection (return) and the reason for the rejection (return). Candidates whose applications are not approved must correct the deficiencies written in the reason for return and submit their applications for approval again within the application period. After that, candidates whose applications are approved can make a choice.

At the end of the application period, the selection process will be finalized and no changes can be made.

➡ Candidates who will apply for a special talent program can choose for a maximum of five (5) separate programs, excluding programs that accept students with a special talent exam.

➡ **All candidates will be asked to upload their original passport and exam result document to the system during their preference applications. In addition, candidates will be asked to upload documents showing that they meet the application requirements, where necessary. Applications of those who do not upload documents or upload incomplete / incorrect documents will be cancelled. Candidates in this situation will be able to upload the correct documents instead of their missing/incorrect documents within the preference period.**

2. Procedure for Placement

The TR-YÖS or EGEYÖS scores of the candidates who prefer according to Article 13-(1) of the Directive on the Principles of Accepting Students from Abroad; ranked from highest score to lowest score. Candidates with high scores in the ranking are placed in the programs of our University as much as the quota of the relevant program.

Students are placed in departments/programs according to previously announced quotes based on the 20% national qualifying threshold.

On the other hand, candidates with a “Blue Card” who apply to foreign student admission quotas, those who are Turkish citizens by birth and renounced their Turkish citizenship by obtaining permission from the Ministry of Internal Affairs, and those who have completed their high school education (for Turkish nationals who continue their

secondary education abroad before 01/02/2013, the last three years of high school education)) for candidates with Turkish citizenship who have studied abroad (except for TRNC) / dual nationality, one of which is Turkish, in this situation, placement in Teaching, Law, Medicine, Dentistry, Pharmacy programs will be made by considering 10 percent of the quota of the aforementioned programs.

In the programs that accept students with a special talent exam, placement is made according to the "Blended Talent Score", which is calculated by taking 40% of the EGEYÖS or TR-YÖS and 60% of the special talent exam results to be made by the relevant unit.

Regardless of whether the candidate has taken the aptitude test or not, the placement starts from the first choice. In case of equality in the placement scores, the placement process is made by taking into account the younger candidate first, then the order of preference, and then the secondary education success score.

➡ A candidate can only be placed in one department only. Therefore, candidates who placed in one department/program cannot apply for other establishments in that year.

➡ In case less students are admitted than quota allocated or in case of inadequate application, extra admission for the related quota may be applied and same procedure may be applied for a third time.

In the event that no applications are made or applications fall short of assigned quotas for a department, vacant quotas cannot be transferred to another department.

3. Registration Procedures

Students who do not complete the necessary procedures for registration on time and do not submit the documents on time lose their registration rights.

➡ Candidates must meet the eligibility criteria at the time of application. To apply/to be placed in our university does not give candidates a right that is not included in the law, statute, regulation and other legislation. Announcements made on the official web pages of our university are considered as notifications to the candidates. Candidates who apply to our university are responsible for the accuracy of all the information they declare and are deemed to have accepted the regulations in the guide and the relevant legislation. Each candidate will document the item marked appropriate for its status on the application screen during registration. The application of the candidate who marks incorrectly, makes incomplete/wrong/misleading statements or fails to document his/her status will not be taken into consideration.

Accommodation, transportation, stationery etc. of the student candidates to be registered. Expenses will be borne by them.
